FISCAL ANALYSIS

ASSUMPTION

Officials at the **Department of Revenue** assume the department would need to make programming changes to various tax systems. The department's response to a proposal similar to or identical to this one in a previous session indicated the department planned to absorb the administrative costs to implement the proposal. Due to budget constraints, reduction of staff and the limitations within the department's tax systems, changes cannot be made without significant impact to the department's resources and budget. Therefore, the IT portion of the fiscal impact is estimated with a level of effort valued at \$5,300, which is 200 FTE hours.

Oversight assumes OA-ITSD (DOR) is provided with core funding to handle a certain amount of activity each year. Oversight assumes OA-ITSD (DOR) could absorb the costs related to this proposal. If multiple bills pass which require additional staffing and duties at substantial costs, OA-ITSD (DOR) could request funding through the appropriation process.

Officials at the **St. Louis County** assume a minimal impact from this proposal.

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

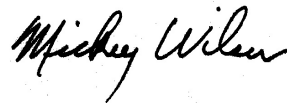

FISCAL DESCRIPTION

The proposed legislation appears to have no fiscal impact.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
